FOR IMMEDIATE RELEASE

The Motivational Edge and Erace The Hate release *All About The Power*

Miami, Fl – July 20, 2015 Socially innovative media group Erace The Hate, has collaborated with the students of [The Motivational Edge](#), an urban arts non-profit, to create the song “All About The Power.”

Fall 2014, Erace The Hate began the [Power Two The Peaceful](#) campaign to connect and empower community youth in arts, media, technology, and entrepreneurship. Erace The Hate and production partner Nova Sound worked with The Motivational Edge youth to compose an original instrumental that they wrote and recorded at [The Motivational Edge](#) on-site studio.

The Motivational Edge, is a non-profit organization that uses culturally relevant arts to change the lives of under-resourced youth throughout South Florida. With support from the Irie Foundation and the Knight Foundation, local artists are able to lend their expertise in everything from painting, song writing, to music production.

The “All About The Power,” video and song are being used to promote a fundraiser for Erace The Hate scholarships and a future [Power Two The Peaceful](#) festival. The festival is scheduled for Fall 2015. This will bring together social innovators in music, arts, and entertainment.

The video was shot and directed by FXRBES, a renowned independent film, maker in Miami. The video can be found on www.eracethehate.com front page.
